## THE H. C. MURRAY CO.

part time and without relief by next year two rooms would be on part time. The transfer of the sixth grade to the Natchaug school would remedy this for the present time at least. At the Natchaug school there are fourteen standard size class rooms and 500 pupils in attendance or an average of forty pupils to one room. This is too crowded for satisfactory work and there is a great disadvantage in the crowding of two grades in one room. The present building was occupied during 1914 and 1915 by 410 pupils, the present registration is 540. The registration in June, 1922, will be 150 more than the present year. At the rate 150 increase they would fill eight rooms. Building in 15 years and at the rate of 37 per cent would fill an eight room building in 11 years. If the six grades of the Oak school are taken over by the Natchaug school this would mean an additional increase at the Natchaug school. It would appear therefore that a new building ought to be constructed. For economy and convenience the new building ought to be connected with the present building. The present place for passage way is at the west end of the kindergarten room.

This would be high enough to permit the passage of teams underneath. There should be a room in a new building large enough to permit the assembling of pupils of five or six rooms, at least, for exercises on various occasions. This new building ought to be constructed. The kindergarten could be changed to the south of the new building. The present building is too small to accommodate the extra quota of teachers and the new building could be heated from the present building as only one of the boilers is now in use. The report is signed by W. R. King and Horndas Dion and C. C. Case.

A motion was made and approved that the selection be requested to call a town meeting to give the school board authority to expend not more than \$100,000 for a new school building. The motion was carried.

A special train carrying New Britain Masons to Norwich, passed through the town on Wednesday afternoon shortly after 2:30 o'clock. Several local Masons made the trip by automobile to attend the exercises at Olympic hall.

The Washington Birthday dance given at the town hall Wednesday night was well attended. The Ideal Singing orchestra of Webster, Mass., furnished the music.

John Fuller died Tuesday at his home in Columbia, from heart trouble. He was born in Columbia, February 23, 1853, the son of David C. and Jane Hutchins Fuller, and was a farmer. Besides his wife he leaves a brother, George H. Fuller, of Manchester.

Marie Bonif, daughter of Amos and Lillian Bourne Bonif, died Tuesday at 11:30 o'clock. Funeral services were held Wednesday morning at 11:30 o'clock from the family home. Burial was in St. Joseph's cemetery.

Funeral services for Mrs. Rose D. Givras were held Wednesday morning at 10:30 o'clock from her home, No. 41 Ash street. Requiem high mass at St. Mary's church at 9 o'clock was sung by Rev. Horndas Dion. As the body was taken into the church Florence, Countess, Au. Rev. at the of the factory, Miss Eva Dion sang Pie Jesu. Other singing during the mass was Au. Meritum, by Joseph Arden, Sarcoph. by Mrs. C. K. Arden, Sarcoph. by Arthur Cusick and a duet by Joseph Gaudreau and Miss Eva Dion. The body was placed in the receiving vault at St. Joseph's cemetery, the committal service being read by Rev. Father Beale. The bearers were Arthur Givras, Cyril Paul, Louis Paul, Bonar Givras, Arthur Deane, and Otis Herard, all nephews of Mrs. Givras. The services were attended by many relatives and friends and there were beautiful floral tributes.

Dr. W. P. Keating entertained 15 of the Y. P. K. members at his home on Walnut street Wednesday evening. Dinner was served by the host.

A special meeting of the school board was held Wednesday evening in the town hall. The meeting was called to order by Chairman Dr. E. F. Guild at 8:15. All but one of the members were present.
